PROFILE

UI/UX and Product Designer with 5+ years of experience across SaaS platforms, web applications, mobile apps, and e-commerce. Translate product goals into user flows, wireframes, interactive prototypes, and developer-ready interfaces. Work directly with international clients and development teams, with a focus on complex workflows, reusable design systems, and responsive experiences. Portfolio includes healthcare, fintech, analytics, and AI-powered business tools.

CORE EXPERTISE

Product & UX: User flows, information architecture, wireframing, interactive prototyping, dashboard design, responsive web and mobile UI, developer handoff

Systems & Delivery: Design systems, reusable components, Figma Auto Layout, visual hierarchy, stakeholder collaboration, brand consistency

Tools: Figma, Webflow, Framer, Adobe Photoshop, Adobe Illustrator

AI-assisted workflow: Cursor, Figma AI, Midjourney

PROFESSIONAL EXPERIENCE

Senior UI/UX Designer

StarPrints Mfg. | Tonawanda, NY, USA - Remote | Mar 2025 - Present

- Own visual design from concept through production for a US custom apparel brand, spanning the online storefront, branded assets, and print-ready artwork.
- Refine storefront layouts and the path to purchase, aligning interface decisions with brand identity and customer needs.
- Coordinate client requirements and internal feedback across parallel projects, maintaining consistent layouts, colors, and production specifications.

Senior UI/UX Designer

Upwork | International Clients - Remote, Pakistan | Mar 2024 - Present

- Design SaaS dashboards and web applications, translating client goals into user flows, wireframes, prototypes, and polished interfaces.
- Build and maintain reusable design systems to support consistent screens and developer handoff.
- Collaborate directly with clients and development teams to clarify requirements and simplify complex product workflows.

Senior UI/UX Designer

SHAHPER Media | United Kingdom - Remote | Nov 2024 - Dec 2025

- Designed website layouts, landing pages, and interface components around usability, content hierarchy, and campaign goals.
- Partnered with marketing and content teams to maintain a consistent visual experience across websites and supporting brand assets.

WAQAR BASIT

Senior UI/UX Designer | Selected work & earlier experience

SELECTED PRODUCT & WEB PROJECTS

Nova Flare Connect | AI-powered POS & Payments

Designed dashboard workflows and data visualizations for a platform covering payments, inventory, and business operations, supported by a reusable design system.

SoundLab | Healthcare Application

UI/UX for laboratory consulting, appointment booking, service ordering, and payments. Project scope included consultant profiles, reminders, and address management.

X Money | Fintech Application

Designed onboarding, account creation, QR payments, wallet recharge, and dashboard interfaces, with a UI component system supporting consistency across flows.

UCL Energy | Corporate Website

Led UI/UX design across information architecture, user flows, wireframes, responsive interfaces, and developer-ready Figma components. [View case study](#) | [Website](#)

EARLIER EXPERIENCE

Junior UI/UX Designer

Lucky Star Investment SICAV SA | UAE - Remote | Sep 2023 - Oct 2024

- Delivered branding and digital marketing design, collaborating with marketing teams to align visual assets with campaign objectives.

Junior UI/UX Designer

GetFirstDigital | United Arab Emirates | May 2022 - Jul 2023

- Managed design execution for branding and digital marketing projects, maintaining consistency across visual touchpoints.

Senior Graphic Designer

360 Advertising Company | Dubai, UAE | Dec 2020 - Mar 2022

- Created digital and print advertising assets, adapting brand messaging and layouts across campaign formats.

UI/UX Designer

XS4 Financial Management | Lahore, Pakistan | Aug 2017 - Dec 2019

- Designed marketing and corporate visual materials, supporting consistent brand communication across digital and print channels.
